13/09/2016 - The concept of "行い< ; to go" and "来< ; to come" is a little different from English. In Japanese, when you move from your place to other places, you always use 行い< and vice versa. When you combine verbs which indicate motion like "歩< ; walk" with てい< and て< ; you can express manner of motion. Test yourself with our free English language exercise about 'Causative'. This is a free intermediate English grammar quiz and esl worksheet. No sign-up required. The causative voice is a grammatical voice promoting the oblique argument of a transitive verb to an actor argument. When the causative voice is applied to a verb, its valency increases by one. If, after the application of the grammatical voice, there are two actor arguments, one of them is obligatorily demoted to an oblique argument.
